

NORTH SHORE RADIOLOGY & NUCLEAR MEDICINE

SESTAMIBI / MYOCARDIAL PERFUSION IMAGING

Patient Name:

DOB:

BOX A: STUDY TYPE

Stress
(treadmill exercise)

Persantin / pharmacological
(note contraindicated in moderate/severe asthma)

Dobutamine
(done only at RNSH)

For MBS eligibility, **BOTH** box B & C must be ticked

BOX B: CLINICAL INDICATION

Preoperative assessment in patients with at least ONE of: IHD, prior AMI, CCF, CVA/TIA, renal dysfunction (Cr > 70umol/l), diabetic on insulin

Suspected angina

Post congenital heart surgery

Known CAD with suspected ischaemia

Abnormal resting ECG suggesting ischaemia

Lesion shown on CTCA or angiography

Suspected painless ischaemia

Quantify extent/severity of known CAD

Viable myocardium assessment

Suspected perfusion abnormality in patients with **language or cognitive barrier**

BOX C: REASON MPI PREFERRED | MPI preferred over stress echo due to:

Unlikely to exercise adequately | **Body habitus/physical condition(s)** which could limit echo

Prior **failed** stress echo | **Abnormal heart rhythm** which could limit echo

* Note that MBS reimbursement is offered only **ONCE** per 2 years (twice per 2 years post revascularisation procedures)

BOX D: MEDICATION PREPARATION For this patient, please:

Withhold cardiac medications

β blockers 48hrs | Ca²⁺ blockers 24hrs

β blockers 24hrs | Nitrate AM of test

Do not withhold cardiac medications

Sestamibi (MPI) Instructions:

General:

- If you are pregnant or breast feeding please tell a staff member when booking.
- Bring all medications to the test.
- No food but plenty of water on the morning of the test.
- No coffee, tea, cola, or chocolate 24 hours prior to test.
- Wear warm, comfortable clothing
- No talc or body lotion on chest as ECG dots will not stick.
- Bring any previous imaging for comparison.
- Please do not bring children with you.

Medications:

- If you have asthma please tell staff when booking and bring asthma medication to the test.
- Please ensure that you follow the advice of your doctor regarding withholding of any medications prior to the study.

See below if you are diabetic:

- If you are diabetic please tell a staff member when booking.
- If you are diabetic and not taking insulin, do not take diabetic medication on the morning of the test, do not have breakfast
- If you are diabetic and taking insulin take 1/2 dose on the morning of the test with a light breakfast at 6am.

If no notification of appointment cancellation is received, you may be charged a tracer cost.

Please ring for an appointment and any special instructions. You may wish to note your appointment details below:
Your results will be sent electronically to your doctor, who will then advise you of your results.
